A House For All Seasons

A luxury stately home in the beautiful Somerset countryside, just one hour 40 minutes by train from London, where you have freedom to create your dream wedding at any time of year. North Cadbury Court is a stunning private house set in 1,500 acres of rolling lawns and trees, overlooking the lake and hills beyond. You hire it exclusively so you, your family and guests will feel completely at home.

The house has two breathtaking large historic function rooms – the Ballroom and North Hall - for your ceremony, dining and celebrating. You can create the perfect wedding whether there is snow, blossom or sunshine on the lawns outside.

This lovely English mansion is known for its focus on comfort and fun. As well as historic rooms restored to five star luxury, the house features a spa wing with pool and jacuzzi, a secret underground casino and disco and a memorable rooftop golf tee!
